Introduction To Quantum Mechanics Griffiths

Griffiths was my first introduction to quantum mechanics ever. Now that I've seen a lot of quantum mechanics, I have to say my opinion of Griffiths as a text to learn from has gone down significantly. I will explain more. The good: Griffiths is really special in my opinion. I really like

Many people (actually just physicists) are rude to those who have learned the wonders of Quantum Mechanics from Griffiths. They say that the treatment lacks some of the mathematical rigor that you see in Shankar or Townsend (the two main competitors in the Intro to Quantum market).
