Himself a wounded veteran of World War I, Lewis delivered in 1943, in the middle of a second, even vaster and more destructive world war, a series of invited university lectures in the north of England that were published by Oxford University Press later that year as The Abolition of Man, a dystopian title with an innocuous-sounding, specialist subtitle, Reflections on Education with Special Reference to the Teaching of English in the Upper Forms of Schools. High claims continue to be made ...

C.S. Lewis: Scientism And The Abolition Of Man - Fort Russ

In quoting Aristotle in The Abolition of Man, Lewis said education ought to form what a person should and should not like (The Abolition of Man, 16). Apparently this did not happen with Studdock who is nothing but a bundle of confusion at every turn. "Why had his education been so ineffective?"

The full title of Lewis's book is The Abolition of Man; or, Reflections on education with special reference to the teaching of English in the upper forms of schools. 1 From the second part of this title, one might infer that the book would be mainly of pedagogical interest, an essay on the goals and methods of English instruction in the senior grades ("upper forms") of the British high schools. But the two titles are juxtaposed for a very good reason: Lewis sees, in the defects of the ...
